## TECHNICAL SKILLS

- ASP.NET MVC
- RESTful Web API
- SQL Server 2016
- Test Driven Development
- Common Architecture Patterns
- Visual Studio 2017 / NUnit
- ADO.net / Entity Framework
- Object Oriented Programming
- SOLID Design Principles
- Data / Class Modeling
- Bootstrap Framework
- HTML / CSS
- Javascript / jQuery
- Version control (Git)
- Debugging Techniques

---

## EXPERIENCE

### **The Software Guild** 2018-2019 **C# .NET Apprentice**

- The Software Guild is an intensive, fast-paced apprenticeship program that produces .NET / C# full-stack software developers.
- Used C# and the .NET framework to create a business application for a flooring company that enabled users to add, delete, & edit clients and orders. The program was also capable of reading and writing to files to allow for product and state tax updates.
- Built two websites (car dealership sales platform and a DVD Library) that incorporated multiple pages, imagery, and internal links using HTML, CSS, Javascript, and Bootstrap.
- Utilized Atlassian Tools (JIRA, Crucible, BitBucket) for version control, workflow management, and team communication.

### **Trulieve** 2018-Current **Inventory Coordinator**

- Responsible for receiving and stocking multiple incoming shipments of product each week
- Managing store inventory and necessary product transfers to and from other locations
- Improved inventory tracking system, halving time spent on restocking.
- Simplified documentation workflow for deliveries, reducing error rate and time spent on producing redundant documentation.

### **Starbucks Corp** 2016-2018 **Barista & DTO**

- Primary Drive-Thru Operator during peak hours
- Coordinated team of 5 to ensure meet and exceed expected metrics

### **Support.com Inc.** 2014-2016 **Floor Support & Remote Service Technician**

- Performed troubleshooting for home networking and internet with customers over the phone
- Kept coworkers up to date with known issues and solutions
- Assisted other technicians with resolving more difficult troubleshooting situations

### **Aquarium Creations** 2009-2014

- Designed and implemented packaging solutions
- Created fulfillment workflow that more than doubled daily orders capacity
- Advised on website design and upkeep

## EDUCATION

---

**The Software Guild, Minneapolis, MN (Online)**

2018-2019

C# .NET Apprenticeship Program

**Broward College, Fort Lauderdale, FL**

2010-2012

Coursework in Electrical Engineering and Embedded Programming

**University of Central Florida, Orlando, FL**

2007-2009

Coursework in Computer Engineering
